

OCEAN QUATRO

KAYAK SIT ON TOP

The Ocean Quatro is designed to carry one, two, three, or four paddlers! An exceptional choice for families and rental operations, the Quatro has an impressive load-carrying capacity.

The main seats are located in the bow and stern. In between, two smaller seats accommodate children or a solo paddler. Channels drain water away from the seating and foot area to provide a drier ride.

With ample storage, spacious seating, and excellent stability, the Quatro will make you- and your family- feel at home on flat water, lakes, and the ocean.
